PROCUREMENT PROCEDURE

Habitat solicits bids for the procurement of construction-related supplies and subcontracted services. Habitat makes a good faith effort to include all interested parties in the RFP process. Habitat maintains a list of vendors and solicits RFP responses. In addition, Habitat advertises the availability of RFPs for the construction of Habitat Homes on industry websites and in industry publications.

This RFP provides the scope of work (EXHIBIT A) and incorporates the permitted plans and specifications as part of the RFP. If there is any conflict between the scope of work in this RFP and the permitted plans and specification, the work described in the permitted plans and specifications shall apply.

Habitat receives in-kind contributions including materials and labor to construct complete homes, which could affect the timeline for construction of the units described in the project description. If Habitat delays the contracted work beyond one year from the date of contract, then the contract amounts in this bid shall be increased in direct proportion to the increase in the Consumer Price Index of that year. If the CPI remains flat or decreases, then the contract amount shall remain the same as presented in this request for proposals.

ARTICLE XIII CORRECTION OF WORK

- a) The Contractor shall promptly correct Contract Work reasonably rejected by Habitat or which fails to conform to the requirements of this Agreement, whether observed before or after the completion of the Contract Work and whether or not fabricated, installed or completed, and shall correct any Contract Work found not to be in accordance with the requirements of this Agreement within one year from the date the Contract Work is completed or by the terms of an applicable special warranty required by this Agreement.

Establishment of the time period of one year as described in Subsection (a), above, relates only to the specific obligations of the Contractor to correct the Contract Work, and has no relationship to the time within which the obligation to comply with this Agreement may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

Alternatively, at Habitat's option, Habitat may terminate this Agreement and take possession of the Project Site and of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor and may finish the Contract Work by whatever method Habitat may deem expedient. If the unpaid balance of the Contract Sum exceeds the cost of finishing the Contract Work, such

excess shall be paid to Contractor, but if such costs exceed such unpaid balance, the Contractor shall pay the difference to Habitat.

- d) If the Contractor cannot complete the Contract Work for circumstances beyond its reasonable control, then, at Habitat's option, Habitat may terminate this Agreement and take possession of the Project Site and of all materials purchased by Contractor in order to perform the Contract Work and may finish the Contract Work by whatever method Habitat may deem expedient. If the unpaid balance of the Contract Sum exceeds the cost of finishing the Contract Work, such excess shall be paid to Contractor.
