## Homeownership Program

Habitat for Humanity-Spokane partners with individuals and families earning below 80% of the area median income to help provide affordable homeownership opportunities.

### Qualifications

Prospective Habitat homeowners must demonstrate a need for safe and affordable housing, be able to pay an affordable mortgage, and be willing to partner with Habitat.

#### Need:

Currently living in inadequate housing (unsafe, overcrowded, paying more than 30% of their income towards housing).

#### Ability to pay:

Earn below 80% of the area median income for Spokane County, meet creditworthiness requirements, save for closing costs, and pay an affordable mortgage.

#### Willingness to partner:

Must commit to required partnership hours, and attend classes and workshops.

## Meet a Habitat Family

Meet Rachael and Ike, whose path to Habitat for Humanity speaks volumes to their determination for a brighter future. Like many families, the way to stability is often met with challenges. For Rachael and Ike, they've had to balance their hard work towards homeownership and overcoming addiction.

Rachael and Ike got married in 2015 and have always dreamed of owning a home. The couple has two young kids, Kelynn, 4, and Ezekial, 2. They are focused on supporting each other while working to create a stable home life for their family. But with the cost of a home in our community becoming more out of reach, they have had to move more times than they can count.

Rachael and Ike want to put down roots so they can all thrive.

Their family came to Habitat for Humanity with an urgent need for a safe, decent, healthy, and affordable home. They are one step closer to a longtime dream of homeownership, having worked hundreds of partnership hours, saving \$4,000 for closing costs and taking homebuyer readiness courses. The support of donors like you empower families like Rachael and Ike to achieve strength, stability, and self-reliance through homeownership. They are looking forward to the safety and stability their home will provide. Their kids are excited to have a yard and space to learn, grow, and play. Most of all, they are eager to deepen their community in Spokane.

***"Owning a home has been a lifelong dream, but when addiction hit our family, it seemed like an impossibility," shares Rachael. "Without you, our dream would not be a reality. There are not enough words to express the gratitude in my heart for your generosity and the incredible opportunity you are providing for my family."***

Habitat-Spokane brings people together to build homes, communities, and hope. **Join us and be change-makers in your Spokane community!**

For 36 years we have been addressing one of today's most urgent social issues: **affordable homeownership.**

With your help, families in partnership can stand on their own, achieving stability and self-reliance of homeownership. Better, more affordable housing leads to stronger childhood development and creates the ability - and financial flexibility - for a family to make forward-looking choices.

### **Stable, affordable housing means:**

- Children do better in school and see improved graduation rates.**
- Families achieve improved physical and mental health.**
- Stability allows homeowners to make investments for the long-term.**
- Families are in a position to seize new and better opportunities.**

## Involvement with Women Build helps further financial independence and stable, affordable housing for women.

Women Build is a four-day empowerment event that has gained so much traction we are now hosting it twice in 2024! This build event brings communities from all walks of life together to address the critical need for affordable, equitable homeownership opportunities in Spokane. Women Build does not exclude any gender, rather it encourages everyone to become empowered to break down stereotypes, learn the skills needed to build a home, show what we can do when we come together, and most importantly, have fun making a difference.

Habitat for Humanity-Spokane is uniquely positioned as a direct solution to building affordable homeownership opportunities in the neighborhoods we love. Habitat's programs create a more just and equitable community while also raising funds to address the critical need for more housing in Spokane. The Hope Builders Luncheon is our **largest annual fundraiser** and is a catalyst to providing more affordable **homeownership** opportunities in partnership with individuals and families in need of a safe, decent and affordable place to call home.

**\$15,000** - 1 available

## Building an **inclusive** Spokane.

Habitat for Humanity-Spokane will be hosting our first-ever Pride Build day at Blitz Build in 2024! Habitat is excited to invite local members of the LGBTQIA2S+ community and allies to help build an affordable home while we bring awareness to the history of systemic discrimination that has barred LGBTQIA2S+ families from equitable homeownership.

**Through Habitat-Spokane's 1st Pride Build, we will create a more inclusive community which highlights the critical need for affordable housing for all and the power it has to change lives.**

A vertical bar composed of horizontal stripes in the colors of the rainbow: red, orange, yellow, green, blue, purple, and pink.
